Kaggle package installer v.18 Kaggle package installer v.18 Jul 24, 2018 . > . " . Mar 6, 2018 "Ver.19 has been released and it is now possible to  
create all camera models of VisiCam in your system. If you have a VISIcam (including the VISIcam HD) you can use it for your needs. Take a look  
at the link to VISIcam HD. It's a compact with a better resolution compared with the VisiCam. May 17, 2018 I need to continue to work on  
VISIcam! I am looking for a business partner with the necessary funds, since I cannot proceed alone. If you would like to be involved, I would like  
to continue work with VISIcam. Contact me: info@visimach.com Kaggle package installer v.18 Jul 22, 2018 version 17b17bfd26b . May 11, 2018  
When you install the Kaggle package, you must set the path to the installation dir (example: "c:\VisiCAM\Ver19"). May 11, 2018 The default  
settings on the Kaggle package is to install them in the "c:\VisiCAM\ver19". But if you want to install the software in a directory that is not  
"c:\VisiCAM\Ver19", you can run the installer again by selecting "Add new directory" and you should set the installation directory. May 11, 2018  
If you do not want to install software in the "c:\VisiCAM\ver19", you can select the option "Cancel" to uninstall the software. Jan 21, 2019
