Hi, I am using a samsung gt s5360 s5335 s5335l and I have purchased MTK MT 6235. 1. How can I install MTK Software on my phone? 2. MTK phone is having problem to connect internet. 3. Error message is : the system can't install the USB driver. Then what is the solution to this problem?. My phone was working fine and it suddenly stopped working! So I tried to download a software update but it shows that I have a software that hasn't been installed yet. The phone works in any other computers and in any other mobile networks. If I connect it to my mobile phone, it gets stuck on the Samsung download for a while then "device not found" comes out! Can anyone help me with this?. 8 Jan 2016 The device driver software for the USB connection of my MT 6235 phone to my computer was not provided with the phone itself. I have the mobile MTK 6000 - 6225 - 6265 - 6263. The phone is capable of connecting to the internet and I have some USB drivers for this phone. I tried downloading the software but it wouldn't install and now I can't get it to download the driver either. I have a Samsung Galaxy Note 10.1 (2016) Note 3 and I was wondering if there is anyway to use my old data cable that came with my Note 3 and my Verizon wireless USB data cable that came with my Galaxy S7 as a modem. I have an iPad and a PC. I have a MTK 6230 and a If your phone is not able to install the USB driver software, download and install the MTK package for your phone.
