File information Related game Contacts General Release date Jul 3, 2013 Genre Fiction, Simulation, Strategy Platform Steam Size 1.27 GB Download %down We use a lot of resources to keep a page fresh and your feedback as well as help is greatly appreciated. Please try to be patient and we will do our best. Thank You!... Game story The year is 2049. Earth's resources are exhausted. Many people moved to the space. But it wasn't enough. There were not enough habitable land and people. Everything is fine until they turn on the first nuclear reactor. Then the spiral starts to repeat itself and the world is destroyed. Your task is to control the strategic resources and build the most powerful megacity for this world. Create a balance in the population between cities - or destroy everything by mass radiation. Game System Aldor is a powerful turn-based strategy game with graphics and gameplay similar to city building. But there are more twists, such as resource management
