Could we choose our own music? - avz ===== Dorian-Marie I like the way this would work for visual art. Instead of having a top 20 art gallery, you'd have the ability to buy individual pieces. This would be a good way to do it, as then you wouldn't have the "famous" gallery owners selecting your next great artwork. Q: Can a WCF client which doesn't support TCP use a TCP/IP server running on a loopback IP address? Can a WCF client which doesn't support TCP use a TCP/IP server running on a loopback IP address? What do you mean by 'loopback IP address'? A: All endpoints (service hosts and clients) used to connect to the server must use the same transport protocol and the same binding used by the service. This applies to both client and server endpoints. Henry B. Wilson House The Henry B. Wilson House is a historic house at 103 Main Street in the town of Westfield, New York. It was

Fiber optic cables are widely used for transmission of light signals for high-speed data transmission. Due to their large bandwidth and potentially longer transmission distances, fiber optic cables are well suited for the communication of data over longer distances. Thus, fiber optic cables are commonly used as transmission media for internet, telephone, CATV, etc. However, it can be problematic to terminate the cables into high speed data transmission equipment such as a router or a cross-connect switch due to space limitations in a rack-based system. Therefore, there is a need for a fiber optic connector which can facilitate the termination of fiber optic cables into high-speed data transmission equipment.City of Monroe, Ky. v.
