The question is, can the Allies defeat the Axis in the best possible way? The game consists of 45 levels and each level can be played three times. The goal of each level is to destroy all the enemies before they destroy the Allied fighter jets. The different types of enemies are tanks, rocket launchers and fighters. When an enemy dies it explodes, and the credits start rolling. Every single enemy you defeat gives you a new tank, rocket launcher or fighter. The weapons can be used as much as possible, and new weapons can be purchased. If you destroy enemies using the EX Flare the win condition will be changed. The game is easy to play, hard to master.
