Please click on the links which interest you. These are books written by people that. we have here in book form. Please read and consider. The present invention relates generally to a system for monitoring home and commercial building wiring installations to identify any open wires and/or damaged, exposed or frayed wires. More specifically, the present invention pertains to a system for monitoring such wiring installations to provide a warning of open and/or damaged wires, prior to such wires causing a fire or otherwise being a hazard. A monitoring system of the type to which the present invention pertains is described in U.S. Pat. Nos. 4,476,984, 6,185,177 and 6,748,850, which are incorporated by reference herein in their entirety. As shown in the ""984 and ""177 patents, monitoring systems for home and commercial buildings use a
