
JetBrains AppCode 2018.2.5

The new AppCode 2022.1 EAP is here! Functions. SE-0308 (#if for postfix member expressions). Error correction. Functions based on SourceKit do not work correctly for .NET Core 2.0 and 3.x (but works for .NET Core 1.0). Use feature SE-0303 for a complete list of missing features. SE-0303 (#if for postfix member expressions and arguments). Error correction. The SE-0303 feature for postfix member expressions avoids the need to specify the sequence keyword in the function definition. SE-0302 (#elif for postfix member expressions). Error correction. SE-0300 (#elif for postfix member expressions). Bug fixes.
