Swift PC Optimizer allows you to easily keep your computer clean and free of threats and unnecessary content. The program can scan your PC and identify issues related to the Registry, the system or the installed browsers. Perform in-de6... Fission PC Optimizer is a simple application that allows you to keep your computer clear of threats and unnecessary content. The program can scan your PC and identify issues related to the Registry, the system or the installed browsers. Perform in-depth scans Fission PC Optimizer can scan your computer on demand or repeatedly, according to a schedule that you set. You can set it to run daily or weekly, then select the hour you prefer. The program can detect missing shared DLLs, scan unused file extensions, ActiveX and Class issues, type libraries, help files, installers or obsolete software. You can clean temporary Internet files, history, cookies and other unnecessary files generated through your browser. Moreover, you may set the program to delete recently used documents on your system, thumbnail cache or taskbar jump list. Other system functions that you may repair include emptying the Recycle Bin, erase temporary files, clear the clipboard, memory dumps or icon shortcuts. Display scan results and clean computer Fission PC Optimizer can display the results of the scan based on the subject of the analysis: the Registry, Windows, the system and the browsers. You can view a detailed log of all the issues detected by the program and filter the ones you wish to delete/repair by manually selecting them. The program also includes an application manager, which displays the installed tools and allows you to safely remove them. You may view the programs configured to start with Windows and disable or remove them. Simple, yet reliable system cleaning application The advantages of Fission PC Optimizer are that it can perform a thorough scan in a short time, as well as the fact that it can check several items at the same time. However, the program does not allow you to change Registry settings unless it detects them as issues. It can run in the background and start with Windows. Fission PC Optimizer Description: Fission PC Optimizer allows you to easily keep your computer clean and free of threats and unnecessary content.
