A 65-year-old man was admitted to our hospital on July 10, 2000, with acute kidney injury and rhabdomyolysis. A diagnosis of takotsubo cardiomyopathy was made based on the following: typical clinical course, presence of ventricular dyskinesia, elevated cardiac enzymes (CK, TnI), ECG abnormalities and endocardial echocardiography. After the patient was discharged, he presented to our hospital with dyspnea on the 32nd day after admission. Mild-to-moderate mitral regurgitation and systolic dysfunction of the left ventricle were observed on echocardiography. Emergency surgery was performed under the diagnosis of mitral insufficiency due to takotsubo cardiomyopathy. The patient made a complete recovery and was discharged on the 28th postoperative day. The present report describes the clinical course of a patient with acute renal failure and rhabdomyolysis and the surgical management of mitral insufficiency caused by takotsubo cardiomyopathy.Q: Very loud, sustained "ping

System Requirements For Rain Screensaver:

Game Box Art: I hope you'll enjoy this small post-apocalyptic racing-puzzle hybrid. In it, you have to race between various locations, battling other players to claim resources while avoiding perils. The game features some light puzzle-solving, coupled with some run-and-gun shooting fun. That makes for a nice transition from racing to shooting, without the risk of getting yourself mowed down by a passing enemy's chainsaw. Warning: It's a fairly intense game, so it might not be
