**Download GTA San Andreas v1.1**

---

File sharing Some players have uploaded copies of the files needed to play GTA San Andreas to the internet in various formats for free. Each file can be organized into an archive which can be viewed with most, if not all, archive software, and then unpacked to a folder, or each line of the

---

archive can be manually unpacked and placed into the GTA San Andreas folder. The files are uploaded to FTP sites, or copied to "read only" storage devices. Many of the players have created websites to publicize their files and offer to host the files for others to download. Some support

---

is available from other players. More than a dozen teams have taken on the task of uploading and releasing an entire save game. This is called "reincarnation" and, due to the time-consuming nature of the process, a few of the teams have not completed their project. The most popular

---

uploader is Peto. He has uploaded a large majority of the files that are needed to play GTA San Andreas. These files are well organized and extremely easy to download. Reception Upon its release, the Xbox version of GTA San Andreas was met with mixed reviews. IGN

---

praised the game for improving on the gameplay of GTA III, saying "GTA III had a few good, clever aspects, but they were marred by a bewildering gimmick." They also gave it a 7.5 rating, and described it as "a far cry from the classic GTA titles." GameSpot also gave it a 7.5/10,

---

saying the game had "fantastic" graphics and gameplay, "decent" humor, and "stunning" music, but was "bland" overall, and criticized the story for having a cartoonish aspect, as well as the linear level design and some of the animation glitches. GamePro gave it a 4.5/5,

---

praising the game's graphics, humor, and story. The PS2 version of the game received generally similar reviews. GamePro criticized the game's lack of "innovative features" compared to Grand Theft Auto III, and said it "isn't the most realistic or well-rounded game in the

---

series," but gave it a 4.5/5. GameSpot gave it a 7.5/10, saying the game had "bland" music, and was "not as inventive as previous GTA games" with a "dreary storyline." GTA San Andreas was the #1-

for GermanyQ: Работа с  
файлом веб-  
приложения.html

Вопрос в следующем.

Создаю веб-  
приложение, для теста я  
хочу сохранить набор  
файлов на сервере.  
Приложение работает

---

на странице с html и  
кода. Запись со  
скриптом файлов для  
папок и файлов  
например в директории  
почтовых переходов.

Перекинуть это на  
сервер не терпится.  
Объясните, как тогда  
реализуется перен
