March 5, 2555 BC. Sir Richard Branson's amazing memoir has now been updated to include the impact of 9/11 on the Virgin Group, his views on the Iraq War, . These memoirs ended up costing Branson \$40 million. He released them in November and he spent nearly \$500,000 on editing and editorial assistance. Now Branson has added some "interesting" additions that he wanted to include in the book. As head of Remembrance, Branson recounts "several episodes" of 9/11, including how he told his son, "when I think about these events, I see me and my parents standing in front of the church during my weddings."
