

Totally Rad Pro Retouch 2 Download ##VERIFIED##

Download

Totally Rad Pro Retouch 2 Photoshop Actions The actions in Totally Rad Pro Retouch 2 are designed to be fast, easy to use, and effective for adding retouching effects to images. They are designed to work with Photoshop and Photoshop Elements. If they don't work with your graphics program or software, please refer to our Action Manuals Totally Rad Pro Retouch Photoshop Actions Totally Rad Pro Retouch Actions are simple. They can be used on any type of image . Open a JPG or TIF file in Photoshop Elements. If you wish to do a whole image, choose the Crop button in Photoshop Elements, or press Ctrl+T to crop. You can crop the image to roughly 25% of the full image size. Using Photoshop Elements for filling in shadows, highlights, and retouching areas of the face . The retouching effects on the face work best when you use a light source. You can use the loupe tool to inspect the areas you will be retouching. In Photoshop Elements, choose the main image from the Layers palette. In the Layers palette, click the New Adjustment Layer button at the bottom of the Layers palette, and then click the Layer Mask button. This will add a mask to the image and fill the areas not covered with the mask with the color gray. Make any adjustments to the image using the Layers palette. Next, choose the Retouching Options from the Retouching palette. . The Retouching Options palette contains a number of convenient tools for easily retouching an image. The tools include the glow tool, face retouching, fill, panoramic close up, and teeth. (Please see the image to the left for a helpful explanation of each tool.) Create a new layer in the Layers palette by clicking the New Layer button at the bottom of the palette. Now, you can use your new layer to retouch any portions of the image. In the Retouching Tools palette, click the retouching options tool you wish to use (they have a little symbol to the right). To retouch the area you selected in the previous step, click the area you wish to retouch. The selected area will become gray. For face retouching, click the Face retouching tool. For retouching shadows, click the Shadow retouching tool. For making the
