When Tony Stark's world is torn apart by a fearsome terrorist named the Mandarin, he embarks on an odyssey of restoration and retribution. Don't forget... and... While everyone else prepares for battle, Tony wrestles with his own mind, driven by a relentless desire for revenge. And it's all - it's all in a movie that didn't do well in theaters last week. After all, it's only been one day, and it's only half the movie. Let's start with the good - it's not a bad movie. It doesn't have much to do with the movie, but when it comes to clash of the titans, that doesn't mean it's a bad movie.
