Thought you might be interested in this if it works for you. Samsung Smart TV's Use Smart Home Devices In Their New 'Experiences' Feature Veronica Banoi 1/11/17 The best of everything is coming soon, and there are a few new gadgets you can't wait to try. The Samsung Experience will be available at Samsung.com/experiences beginning Jan. 21. The new feature allows you to browse the products and services offered by Samsung Home Appliances. This is the company's answer to integrating smart appliances, such as refrigerators, ovens, washing machines and TVs, into your home network. "The new Samsung Home Appliances experience will give Samsung Home Appliances users a convenient place to discover, browse and purchase products," said David Eun, senior vice president of strategy, marketing and business development, in a statement. To access the features, you'll have to download an app on your smartphone or tablet, sign in with your Samsung user name and password and begin your experience. "Your Samsung account is your gateway to all things," Eun said. "With the new Samsung Home Experience app, you will experience the smart features of your Samsung products and services in a centralized, convenient way." Samsung says it's offering its users a personalized experience with the new feature. Once connected to your home network, it will alert you to new or special offers and allow you to sync or reserve product reservations. And if you're a Samsung user, it will recognize when your schedule changes, such as when you go to sleep or when you wake up, and adjust your home appliances accordingly. In addition, the Experience app will alert you to any device issues, such as repair, maintenance or power surges, and have some suggestions for how to resolve them. "You will be able to communicate with your Home Appliances, such as refrigerators, laundry machines and air conditioners, in a brand-new way," Eun said. "You will be able to talk to them and control them in real-time from your smart phone or tablet." Samsung says you'll be able to search for and shop directly through your home appliances, making it easy to browse from the app or from your phone. While some of the appliances will be available by way
