

April 18, 2006 - Purchasing Carbon Nanotechnology - 1st edition. . Editor: Liming Dai; eBook ISBN: 9780080459325. eBook \$255.00. DRM-free (PDF, Mobi, EPub). . Carbon Nanotechnology is a book co-authored by leading scientists in the field, as well as journalists who have been studying this new field of science for decades. Paradoxically, however, this is not a book about nanotechnology per se, but about "nanotechnology". However, even this is not entirely true. Carbon nanotubes and fullerenes are nanostructures, but they are essentially a form of carbon.
