2000 by Cecsa.Q: jquery library not working
properly in FF I am developing a site for a client
and have tested my site on FF version 11.0 and
IE version 10. I have recently tried to test my site
on FF version 12 and everything is working fine
however, this is not the case for the jquery
library. I have no idea why this is happening, I
have been testing my site on a variety of
versions of IE, Chrome, and FF and have never
had any issues. Here is my html for the site.
