New Best Purchase by an Owner! Inexpensive, great build quality, and is a magnificent addition to our garage. It can also carry a battery pack if desired. In addition, it does not wake up the neighbors so it is perfect for daytime use. Couldn't be happier. I bought this bunkbed about a year ago and have used it countless times for everything from overnight guests to kids playing on our deck. It's sturdy and easy to assemble. What makes this a bit exceptional is that it takes up virtually no space because there is barely any stuff on it. We have it in our corner of the garage and a kid can come in and just climb up. The majority of decorative lighting devices are known to be utilized for providing decorative lighting over architectural and structural features of a structure. Such fixtures typically include an electrical source for powering the lighting, which is usually mounted within a decorative housing. Electrical connection wires are typically attached to the housing and then extended through the opening of a structural wall or ceiling structure to connect to the lighting source. Additional wires may then be extended from the light source housing to fixtures, which are positioned about
