Iluka sand skipper The Iluka sand skipper (*Plataranides pelasius*) is a species of grass skipper butterfly from the skipper family (Hesperiidae). It is found in eastern Australia, ranging through most of New South Wales. It is also found in the southern part of Queensland, Western Australia and the Northern Territory. They are summer visitors and feed on the leaves and flowers of heaths, mallees and spinifex. The larvae feed on *Pararhagium rostellatum*. Adults are common around New South Wales coastal areas and some inland, where they visit coastal eucalyptus trees.
