What's new in Fifa 22:

- **All-new Pro-Direct Controls - Grip the ball on the touchline and use the authentic Pro-Direct Control scheme to dribble with the intuitive motion controls of the game. Or, play in a straightforward way without veering into tricky situations, and make your opponent uncomfortable with a simple flick or slide. Remove your defender with the iconic Pro-Direct Maneuver, and pass the ball into a teammate's path as you dance around defenders.**
- **Fantastic New Moves - "Inevitably Expect More From You" - Explosive dribbles move mid-fielders into forward positions at goal-scoring speed in any direction. The player's top speed acceleration generates forward speed thanks to the ball sliding off the shoulder or hips. Predator-style sprints track opponents at top speed and timing. All dribbles leave the player open thanks to an additional active jump - even if a defender closes in.**
- **Better Options - More than 70 new shoes for each position. Add-on kit - make your equipment more distinctive thanks to the latest line of clothing from Adidas. Optimal playing surface - modifiable pitch size is in FIFA 22**
- **All-new Tactics - In FIFA 22, every player has a different set of skills, a unique style of play, and his own preferred tactics, which you can now adapt to create a unique strategy. At unlock the full spectrum of new tactics, and master their creative use in practice mode. Then, bring it into the game to complement your own playstyles. Tactic Variety - Modify your tactics - Control which player can overlap and mark defensive positioning. Or kick-start your match by organising your defense before attacking, and pace the pace of your game. Set-piece strategy - Concede as much as you defend. Or be offensive as you gain possession. Or sideline your squad to let players from your options team run free.**
- **New Goalkeeper Support - In FIFA 22, you'll now be able to recreate the magic from the iconic UEFA Champions League final moments of Diego Costa's goal from 2014. Whether it's used from free kicks, corners, or free kicks to any point of the pitch, the goalkeeper will support the ball with a tap action.**
