The acetylcholine agonist carbachol inhibited the release of [(3)H]GABA and [(3)H]glycine from rat hippocampus. The effects of the acetylcholine agonist carbachol ( $10^{-4}$  to  $10^{-2}$  M) on the release of [(3)H]GABA and [(3)H]glycine from slices of the rat hippocampus were studied using a superfusion system. Carbachol ( $10^{-4}$  to  $10^{-2}$  M) depressed the electrically evoked release of [(3)H]GABA but not that of [(3)H]glycine. Carbachol ( $10^{-4}$  to  $10^{-2}$  M) also depressed the spontaneous release of both transmitter substances. The depressing effects of carbachol on the release of the two transmitters were antagonized by the muscarinic antagonists atropine, pirenzepine and methoctramine ( $10^{-6}$  M) and were not antagonized by the M(1) and M(2) muscarinic antagonists 4-DAMP and AF-DX116 ( $10^{-6}$  M) respectively. The muscarinic effects of carbachol were blocked by selective M(2) receptor antagonists 4-DAMP ( $10^{-6}$  M) and AF-DX116 ( $10^{-6}$  M). These data suggest a modulatory role of muscarinic receptors in the release of both transmitters. In a new paper, Charlie McDowell (UC Irvine) and I tackle the holy grail of astronomical spectrography -- the spectra of very faint galaxies and quasars. An essential challenge is that faint galaxies are extremely faint, so the spectroscopy needs to be extremely faint, too, but we must balance this against shot-noise levels in the individual spectral pixels of the CCDs. This work makes use of the new "wide-field" capabilities of the Gemini Multi-Object Spectrograph (GMOS). These capabilities allow us to routinely obtain spectra for hundreds of objects

one another and not take law into their own hands, The chief minister instructed me to deal with the matter swiftly and that the law will take its course," Union minister Prakash Javadekar said. Intimidating a Muslim man and thrashing him in Muzaffarpur, Bihar's chief minister Nitish Kumar had to do a volte face and held the protesting crowd responsible. "I was in Muzaffarpur yesterday to attend the funeral of a person who was lynched. His body was reportedly disturbed when some miscreants were creating a ruckus. The chief minister went there in view of the law and order situation in the area," Javadekar said. Immediately after the mishap, Nitish Kumar had announced a two-day state bandh and called people not to indulge in any unlawful activities. State of the Union addresses, if you will, have become somewhat of a tradition for President Donald Trump. To be clear, he's never missed one — it's the only time his name appears in the address, and he has delivered his every year, twice since taking office. That's right — if you buy into his self-praise, you will see his name in the address. But it's not just his signature. Plenty of other presidents have delivered quite similar addresses, and almost none have delivered them the same way. Some of this is just a matter of decorum. Here in the last year of the presidency, Trump has broken with tradition and shown a
