This version does not need any compilation, as the skins are included in this project. This means that you get a fully installed version for all Winamp components. You can't make a skin like the MyMusicalLog for Winamp, and you won't find any other skin that comes close. It is important for me to point this out, as I don't want to see a skin like MyMusicalLog for anything else. Also, if you make a skin like MyMusicalLog for Winamp, the Winamp staff won't look at it and use your skin. The Winamp staff do not like MyMusicalLog and never use it. So don't make a skin like this! The skin is based on T-Kwik's user interface and is designed to provide a wonderful user interface experience with a minimum of effort. The skin installs quickly and silently and does not require any Winamp components, as the necessary skins are included. Most of the skins are used out-of-the-box with Winamp without further configuration. This skin's special features are: Save user skins to Winamp. Widgets. Bitmaps. Settings and options. These are the following features: You need to download the skin from the file manager or FTP/HTTP. The skin files are rather large, so if you download the files this way, it might take a while. It's the story of a city that's been on the cutting edge of political, social, cultural, and economic change. It's the story of a city that's been an agent of change through one of the most remarkable - and controversial - urban development projects in U.S. history. And it's the story of a city transformed not only by innovation, but also through immigrants and, more recently, by the civil rights movement, the feminist movement, the gay rights movement, and the campaign for civil liberties. The stories are buried in our history, and they run through almost every neighborhood of the city. And here we will tell them, in the voices of Bostonians who live here, work here, shop here, and - yes - work to preserve it. "Bom Dia," " says Boston Police Patrolman George Panikaras as he rinses clean his cruiser windows on a snowy Thursday morning, the beginning of Holy Week. "If you're religious you could say something else," Panikar
