PardeView is an industry-leading PDF viewer for Windows, Mac and Linux. With a lightning-fast multi-threaded PDF engine, it allows you to open, view, print, or fill PDF files at blazing-fast speeds. You can even annotate PDF documents, highlight text, search and copy/paste directly from within the application. Software News: Adobe Acrobat Pro DC helps you create, manage, and interact with PDFs -- whether you're creating a sales document or archiving a report -- without sacrificing your document's security or converting your document to print. With Acrobat Pro DC, you can open, edit, and save PDFs. However, if you are using this version of the program, you must use the Essential features. Software News: Adobe Acrobat Reader DC makes it easy to open, view, and manage PDF files in print, eBook, mobile, tablet, and cloud-based formats. With Acrobat Reader DC, you can view, search, and annotate PDF files. However, if you are using this version of the program, you must use the Essential features. Software News: Adobe Acrobat Reader DC allows you to open and manage PDF files on multiple devices including computers, tablets, and smartphones.
