I have tried the following: =IF(B1:B.VALUE = S, "SUPPLEMENTAL") While it seems to work, it is really slow. Any way to speed it up, like changing the content of B1:B.VALUE to have "S" in every cell. A: If your data is always in column B then instead of using =S you can use =B1:B. See this question for the mathematical equivalent: How to search in Google Sheets for the value in a range of cells? Q: Get path in breadcrumb I am using routes to determine a list of categories and need the breadcrumb to render the path to each category instead of an absolute path Here is the routes.rb map.company 'home', :controller => "sales", :action => "index" map.company 'home', :controller => "home", :action => "index" map.company 'home/blog', :controller =>
