#13 – Rising Sun Hoedown Another day, another letter/zine deadline. Currently I have a deadline for a letter this weekend so I am cramming as many words in as I can before putting my head on the pillow. I'm hoping to get a decent number for my last update of the year, since I'll have been working on this for a month, getting my notes all lined up. In all honesty it was not too bad of a letter. I am attempting to put some really complicated stuff into shorthand – on the one hand I don't want to make everyone think that I can't write a letter properly so it takes a while to produce, but on the other I feel like this is how a lot of us write a letter with our families. I mean, the last letter I wrote was 10 paragraphs and it took me a solid hour to produce. But this is still pretty spartan. I wish I could spend more time on this. Another letter/zine assignment that came in, this time from T.O., is for a middle grade fantasy story. If you want to be friends, or if you hate me, send me a card. In either case, all is well. -R.L. Stine That's all I have for you this week. Again, if I take a minute to answer a question, I will be sure to do that, and if I can't answer it, someone else will. Thanks for all of your great questions last week. Also, I just want to let you know that next week will be my last for a while, at least for a while, as I am taking a couple weeks off to get ready for Christmas. I'll be returning on the 20th.CS-Cart CS-Cart is a shopping cart software made by CS-Cart AB. History CS-Cart is a well-known e-commerce shopping cart software.
