Shri Om.Sambu,I am very busy. So am doing this transcription work. I promise I will make this available on my blog free for all to download. So, I am sorry for not answering your mail. However, I do not know the translation of all these kritis. Who will be able to translate them?Thanks for your help. Sir, I have read your mail to Somu above. As you said all the kritis are written in Telugu so the same should be used for the translated version. Since you do not know what the meaning of the lyrics are, how can someone understand the kritis?So, for that there should be translation. I understand. I could never translate them fully. I could only reduce them to English. All the kritis are there on the CD mentioned above. You can take a look at the list of kritis on the right side. There are some kritis which are not on the blog but are available on the CD. If you are interested, I can send you the lyrics. Then

at least you can at least understand the kritis. I am fed up of pretending to be a saint. I have found many hurdles in working with you. Besides the financial problems, I am struggling to find English writers to help me translate the kritis. There are only two people in this country who know a little English. That is my family. There is no way I would find non-English translators for the kritis. I cannot force the family to help me. There is no respect for the kritis. I think these kritis were being performed by a soloist on those days. Since V Nageswara Rao used the same idea for his audio cassette. It's different from V T Sadasivam's audio cassette kritis. If you have the audio cassette you can compare the two. V Nageswara Rao was a very skilful musician and a leading exponent of the Thyagarajanandam as we know it. 5ec8ef588b
